60X Rim Clamp Tire Changer

Built for high volume shops, the 60X includes advanced features and a best-in-class external clamping range. Standard 3-position, steel clamps are easy to adjust allowing quick set-up. The calibratable inflation gauge contains a lexan cover, an over pressure feature and a safety spring allowing it to survive about 200,000 tire inflations. The X-Series® extended tower has the ability to change up to a 14" wide tire. Featuring a Patented Robo-Arm® Helper Device, a Hand Activated Bead Loosner, and a Single Point Sealer.

TRAINING IS PROVIDED

60XEH11

(Item must be ordered - Approximately 7-10 business days)

80C Center Clamp Tire Changer

Built for high volume shops, the 80C center Clamp Tire Changer is built on the best platform in the business. Easy to use center locking mechanism is fast, robust and helps prevent metal to metal contact with customer wheels. Air powered, articulating roller arm provides direct pressure on the bead to prevent it from rolling back over the mounting tool. Wheel and tire service is a hard business. Get a tire changer that can take the abuse. 80C features a brand new chassis designed especially for high-volume, high-duty cycle tire shops that need to go the extra mile. Includes 3 year parts, 6 month labor manufactures warranty.

TRAINING IS PROVIDED

80CEH220

(Item must be ordered - Approximately 7-10 business days)

1185 Wheel Balancer

The Coats® 1185 will help take your shop to the next level. This unit is designed for light to medium duty environments, but offers features you will find on much larger, more elaborate machines. Easily visible laser line helps operators place weights right where they are needed. Vivid color display alerts operator to the imbalance location and identifies the optimal tape on or clip weight location. Audio and graphics-based notifications alert operator when weight placement is needed. Includes 1 year parts, 6 month labor manufactures warranty.

TRAINING IS PROVIDED

1185

113277C | Light Truck Optional Cone Kit 40mm

(Item must be ordered - Approximately 7-10 business days)

1500-3D Direct Drive Wheel Balancer

Motor and spindle are combined into a single, pre-balanced assembly that always stays calibrated to zero. Pinpoints the exact weight location, both radially and axially and eliminates trial and error. Automatically positions the wheel at the weight placement location and locks the spindle in place for easy, accurate weight application. Features a 3D Automatic Data Entry of the distance, diameter, and width. A Behind Spoke mode that allows you to hide the Tape-A-weight behind the spokes to a decorative wheel quickly and easily. A side shadow board with a basic accessory kit comes standard on the 1500 balancer. Includes 3 year parts, 6 month labor manufactures warranty.

TRAINING IS PROVIDED

ONE IN STOCK AT THIS PRICE!

Flash Reprogrammer

- Fully automatic microprocessor controlled power supply
- For regular automotive, lead-acid, calcium, AGM, start-stop and gel cell batteries
- Maintains stable voltage under varying loads during major vehicle ECU reprogramming and diagnostic work
- Digital volts and amps display
- Multiple output cable selection
- Anderson plug with interchangeable power cords for different regional users
- Heavy-duty replaceable clamps
- Adjustable mounting brackets
- Dual temperature-controlled cooling fans
- Durable aluminum case

SCH INC100

250A 6/12V Battery Charger/Engine Starter

With a 250-amp engine start, this 6- and 12-volt automatic battery charger is powerful enough for SUVs, trucks, and large engines. Features a 40-amp boost mode and is equipped to charge standard, AGM, gel, and deep-cycle batteries and includes a built-in battery and alternator tester. The microprocessor features multi-stage charging, float-mode monitoring, automatic voltage detection, and automatic amperage adjustment for added safety, precision, and overall battery life.

SCH SC1325

ProSeries 12V/24V 4400 Peak Amp Jump Starter

This reliable unit offers two internal high-output AGM batteries to jump start 12- and 24-volt systems. The DSR115 is built with convenience and performance in mind, which is why it includes a digital display to check the battery percentage, an on/off switch, and a 2-amp external automatic charger for a quick recharge. Built in is a 12-volt DC power outlet and 2.1A USB port to charge and run mobile phones, tables, or other accessories.

SCH DSR115

Jump-N-Carry 12V Jump Starter

The Jump-N-Carry JNC660 1700 Peak Amp 12 Volt Jump Starter is a favorite piece of equipment for automotive service garages, car dealerships, towing operations and busy fleet service facilities. **Features:**
- 1700 peak ampere
- Battery status indicator gauge
- 46 inch heavy-duty #2 cables
- DC outlet to power 12 volt accessories

G2S SOLJNC660

Nebo Inspector Flashlight

The NEBO Inspector is an innovative, powerful pocket light that outputs 180 lumens, with 3 light modes and 3x adjustable zoom that provide the perfect amount of light for any situation. The INSPECTOR is also waterproof (IP67) and features a removable steel clip and Soft-Touch Technology, which provides momentary operation when the light is off, with the slight touch of the button.

NEB POC-0004

Nebo Big Larry Pro

Bright Work Light with Red Hazard Flasher and Magnetic Charging Station. The BIG Larry® PRO features a high-power, 500 lumen COB work light and red hazard flasher. Fully rechargeable and equipped with 2 magnetic charging stations. The PRO also has a powerful magnetic base and adjustable steel clip for convenient hands-free lighting. When there is work to be done…bring a PRO!

NEB 6640

Lisle Combustion Leak Detector

- Quickly pinpoints combustion leaks
- Checks for combustion leaks caused by bad head gaskets, cracked blocks, and cracked or warped heads
- Indicating fluid changes from blue to yellow when exposed to combustion gases in the radiator
- Includes: 16 oz. combustion leak indicating fluid, hose, tester, and vacuum fitting

G2S LIS-75500
