## SATAmijet 4400 B Lady Edition II

SATAmijet 4400 B Lady Edition is dedicated to the International Women's Day motto "Make it happen!". It's specially designed for female painters to underline the growing importance of women working in the paint application industry. The limited and numbered special edition of the SATAmijet 4400 B impresses with its unusual design reminding of a henna tattoo. Three sparkling glass crystals let the "Lady" shine in new brilliance. The lasered lettering "Lady Edition II" on the trigger and the aluminum cup, give the spray gun the perfect final touch.

- Delivered in a black case with a black insert that perfectly matches the shape of the spray gun and cup.
- The model SATA® Lady Edition II is technically identical to the SATAmijet 4400 B.
- Small and compact: Particularly suitable for smaller areas or hard to reach places.
- Low maintenance, self-adjusting air piston and paint needle packings.

## Scangrip Essentials Detailing Kit

The kit includes an I-Match 2, a MiniMatch, and a MultiMatch R.

The bag holding the pieces in this kit is made of sturdy nylon with convenient practical carrying strap. It is supplied with a large room protecting the products and side pockets. The bag is very lightweight and easy to carry around.

### Lighting solutions for the painting industry

Being the most comprehensive and sophisticated of its kind in the world, the new generation Scangrip lights for the painting industry are made for color matching, detailing and general paint work and are usable everywhere a painted surface needs inspection.

### CRI+

With our lighting solutions for the painting industry, we're making use of the CRI+ term defined as an average of all 15 R-values. This is the only correct definition of the CRI value to be used for accurate and reliable color recognition.
