SPANESI PULL-UP!

THE NEXT GENERATION OF DENT REPAIR

VERSATILE

Suitable for both steel and aluminum substrates, straightening is performed from the exterior of the panel or lining without removal.

FEWER PARTS

Restore the shape and appearance of the vehicle's original panels, leading to less replacement of expensive body panels.

COMPLEX DAMAGE

Suction cups comprised of multiple shapes and sizes can be combined to address even the most difficult repair scenarios.

MINIMIZE WELDING

With the PULL UP! non-invasive approach, the opportunity for panels to be altered by the introduction of heat is reduced.

LIGHT PACKAGE INCLUDES

Shaped Suction Cups	60
Thread Pivots	32
Slide Hammers	5
450W Hot Glue Gun	1
11 lbs d.15 Hot Glue	1

FULL PACKAGE INCLUDES
